Testimonial from Ekume Melle Nancy, Treasurer, CAMTEL Main Office

Earning my Bachelor of Technology in Accountancy at YIBS was a truly transformative experience. The program gave me strong practical and technological skills, supported by dedicated lecturers who ensured we understood both theory and practicals. Today, as Treasurer at CAMTEL Main Office, I confidently apply the professionalism and integrity YIBS instilled in me, and I highly recommend YIBS to anyone seeking a solid foundation in accounting.

Ultra - Modern Computer Lab

YIBS Medical Lab.

Well Equipped Fashion & Design Lab

INTERNATIONAL TRAINING PROGRAMS OFFERED AT YIBS

400,000frs to 800,000frs scholarships for all YIBS Bachelors & Masters' Graduates who wish to obtain internationally recognized professional qualifications.

Association of Chartered Certified Accountants (UK)

The ACCA (Association of Chartered Certified Accountants) is a leading global qualification for finance professionals.

Project Management Professional (USA)

Aspiring project managers, the Project Management Professional (PMP) certification is the globally recognized gold standard for proven expertise in leading successful projects.

Certified Internal Auditors (USA)

The Certified Internal Auditor (CIA) is a globally recognized certification for professionals in internal auditing.

Computer Information System Company (Cisco)

Achieve Cisco certification to build a strong foundation in networking technologies, enhancing your value in roles like network engineering, security, and cloud computing, and equipping you to excel in modern network infrastructures.

Oracle Certification

Earn your Oracle certification to boost your technical skills and showcase your commitment to professional growth, opening doors to in-demand roles in database administration, cloud computing, and application development.

Benefits of earning an International Certification:

- Enhance skills and knowledge as per international standards.
- International recognition and credibility.
- Demonstration to employers that you possess specialized skills and knowledge and this boost your earning potentials.
- Join impactful international community of professionals, mentors, etc.
